

Manufacturers of market-leading round timber products

Biocidal Product Regulation (EU 528/2012) Article 58 Information

Next Generation TANALISED pressure treated timbers are protected with next generation TANALITH E wood preservative.

TANALITH E Active Ingredients:

Copper Carbonate/Copper Hydroxide (1:1)

Propiconazole

Tebuconazole

Didecyldimethylammonium Chloride

Handling and Use Advice

Wear gloves when handling timber.

Avoid inhalation of sawdust.

Do not use in contact with drinking water or for direct food contact.

Do not use for animal bedding or in fish ponds.

Dispose of treated wood responsibly.

Industrial waste should be disposed of through an authorised waste contractor.
