How to order PlayGuard

PlayGuard timber is manufactured at our production site in Worcestershire and delivery service is on an artic lorry. To assist with specifying requirements a drawing template is available online.

STEP

Provide your measurement and requirements of your round timber including dimensions and quantities to our sales team.

STEP

2

A member of the sales team will enter your measurements and requirements into our costing model and supply a quotation by email.

STEP

3

If you would like to confirm your order we will require a purchase order number. Please note for first time orders you will need to pay by proforma invoice.

STEP

4

Once payment has been made we will email you an order confirmation to check prior to production.

STEP

5

Your order will be passed onto our production team and will be made to your quoted lead time.

STEP

6

Delivery will be arranged by our transport team who will confirm the delivery date.
